"Nature's Gift from the Sunny South"

"Way Down South in the Land of Cotton"

If you could see cotton growing in the field in all its purity—could see the processes by which the cotton seed oil is extracted and refined—could know the ingenuity involved in rendering the oil odorless and neutral in taste—could be made to realize that from Cottonfield to Kitchen human hands never touch the oil from which *Cottolene* is made—you would appreciate why *Cottolene* is so much purer and more healthful than lard ever could be.

Cottolene is a cleanly, wholesome product—just as pure as olive oil—and makes food palatable, digestible and healthful. Lard-cooked food is bound to cause indigestion sooner or later, unless you have the stomach of an ostrich. For all shortening and frying purposes, *Cottolene* is without an equal.

COTTOLENE is Guaranteed Your grocer is hereby authorized to refund your money in case you are not pleased, after having given Cottolene a fair test.

Never Sold in Bulk Cottolene is packed in pails with an air-tight top to keep it clean, fresh and wholesome, and prevent it from catching dust and absorbing disagreeable odors, such as fish, oil, etc.

Milford's Sarsaparilla!

The Blood Purifier and System Renovator.

Your blood is the body current of your life. If there should be impurities anywhere in your system, your blood will find them and carry them all through the other parts until the poison is sown broadcast and your whole system is run down and you are sick.

The human body is like a piece of machinery. It is composed of many parts, all working separately, but each dependent on the other to a greater or less extent. Let one part become affected, and sooner or later the whole organism is in bad shape.

Milford's Sarsaparilla

is the blood purifier. It contains Sarsaparilla, Trifolium, Stillingia, Mandrake, Capsicum, Sassafras, Salicylic Acid, Iodide of Potash, Iodide of Iron, Cascara and Soda. You know the purifying properties of the above ingredients. You also know that each and every one of them is as good as could be used.

Milford's Sarsaparilla

also acts as a vitalizer and invigorates every nerve and fiber in the body. It tones up the liver, restores the stomach to a healthy condition and brings back the appetite. Then pure blood goes tingling through the veins, and the whole being teems with enlivened spirits.

Milford's Sarsaparilla

is pleasant and agreeable to take. You need something to build you up and to take away that tired feeling. Try Milford's Sarsaparilla. It is an honest medicine, a medicine that we are not afraid to show and tell just what it contains. If we did not think it would do the work, do you think we would tell you all of this?

Milford's Sarsaparilla

relieves all affections of the skin and blood, such as pimples, boils, syphilis, old sores, tetter, salt rheum; it acts on the liver, and imparts new blood to the entire system.
